

Tino Fulimeni Memorial Scholarship Winners!

This was recently sent from Jerry Evens Executive Director of Institute of Career Development.

“Hey everyone ... I just signed the last of five \$1,000 checks for the 2009 Tino Fulimeni Memorial Scholarship!

As always, it is gratifying to know we are providing a boost to the children and grandchildren of Steelworkers who are seeking a higher education. The generosity shown every year by the individuals, local programs, local unions and companies who continue to support the Tino Fulimeni Memorial Scholarship is remarkable.

Since its inception in 2004, ICD has awarded 42 scholarships in Tino’s name and distributed \$30,800 in scholarship money.

This year’s winners were selected at random from more than 430 applicants. Once their qualifying GPAs were verified, they were sent their scholarship check. The winners, by district, are:”
